Easy Coloring Book For Adults: An Adult Coloring Book Of 40 Basic, Simple And Bold Mandalas For Beginners (Beginners Coloring Books Of Adults) (Volume 1)

Synopsis

Get fantastic value for money with this huge Mandala Coloring Book! These easy to color designs will provide hour upon hour of entertainment! This easy coloring book contains 40 single sided coloring pages. This allows you to remove each page for framing or to use as coloring reference in a portfolio for example. This also helps reduce bleed through onto the other designs even if you are using markers, making this book suitable for everything from coloring pencils through to marker pens. The simple designs contained within this fantastic book are created by one of our in house artists, each handpicked by us here at Adult Coloring World to ensure fantastic quality throughout. We know that sometimes you will buy a book after being impressed initially by an amazing design on the cover, only to be disappointed with the books contents when you open it. Well we make sure this never happens with any of our books and we can assure you that all of the designs inside are high quality from start to finish. This basic mandala adult coloring book contains a wide variety of imagery. If you love mandalas are are looking for something simple and easy to color, then you are sure to love this adult coloring book.

Customer Reviews

I've bought this book twice. I like large spaces to color (I'm not very good at small detail, and more importantly, it doesn't relax me in the slightest), and these drawings are perfect for people like me. Using my Ohuhu pencils, which are on the waxy, smooth side with wider contact points on the

paper, this book has given me hours of stress relief after the craziness of my day job. Highly recommended for the largely untalented colorist. :-)After I've collected a stack of them and admired my handiwork for a while, I cut them up into quarters. They're super-handy as scratch pad paper for notes and shopping lists.

These are easy to color, good for kids and for an adult looking to color something in a short period of time. The designs nearly repeat themselves several times throughout the book, but creative coloring can mitigate that. The paper seems less thick versus brands like Creative Haven or Design Originals too. My three star rating comes primarily from no perforated pages and thinner paper if looking to use markers. Being able to remove the pages makes this 1000% easier and prevents any bleeding on the following page.

Yes, I love this easy coloring book. Very relaxing, unlike most of the other coloring books where the pictures are way to small for me to see and very stressful to try and color them

This is a decently simple but not childish adult based coloring book. Though the pages are not perforated the images are printed on just one side of each page which cuts down on the chance of bleed-through. The paper is high quality and rather shiny stock so you could use markers along with pencils and crayons or even water colors. Though I suggest using something, we use the back cover of an older, completed, coloring book, to back each page when using something wet like markers or water colors. While not crazy complex each design is fun to do and interesting enough to be engaging and fun. Well worth the money.

I bought this for my 73 year old mom, who became discouraged when coloring normal adult books as she found them too detailed. The pictures are easy to see and large enough to not have to have a super steady hand to color in a tiny line. My mom really likes this book and I've even colored a few pages on visits. The pages are thick and the pictures are interesting to color. I wish there were more of these available.

I have recently discovered the relaxing, meditative quality that coloring provides. But the intricate images with many small spaces became too overwhelming and defeated the purpose. I gave it up. I decided to look for more simple designs that also provide some challenge and satisfaction. This is it!! The designs are interesting and are set up so that you have a choice of using colors to make a

symmetrical design or be more random-depending on your mood. These are so much fun, relaxing and also are not time-consuming so that you can take a mini color meditation break. I allow myself to be totally immersed in the process and can return to the daily task at hand feeling more energized. This is just what I wanted. Could not be more pleased. Keep in mind that I do meditate regularly and try to use activities as a way to enhance my practice.

A wonderful experience to analyze the easy pictures on the coloring book by using either colored pencils or ultra-fine markers. If I used ultra-fine markers, I'd use extra paper with the thin cardboard on the coloring book because the markers would not bleed. I loved it..

Pages are not perforated for removal, and paper is somewhat rough
