Customer Reviews

Just got my order of books. So many great designs to choose from. There is a good mix between fine and large details. Gone are my free nights!

I heard about this coloring book from a post the illustrator made in the Being Boss Facebook group. It far exceeded my expectations. The illustrations are so beautiful and well-done, that it makes me want to frame several of them as is, for fear of messing them up while coloring them!

Ms. Doffingâ™s Stress Relieving Flower Adult Coloring Book is incredible. I admittedly was hesitant to jump on the adult-coloring-craze, but turns out - it truly is relaxing! Page after page is filled with lovely, diversified illustrations that make it hard to decide where to start. âœStress Relieving Flower Patternsâ • and a pack of colored pencils are officially going to be staples in my

summer picnic basket!

Fantastic book. If you like coloring flowers, this is the book for you. I have only used colored pencils here so I am not sure if gel pens would bleed through. I always use an under sheet with gel pens.

I absolutely love flowers. This coloring book is full of simple drawings of my favorite flowers. The drawings may not as beautiful compared to other coloring books but it does provide an enjoyable and relaxing experience. What I really need is a better pencil sharpener! :) If you enjoy coloring this is the book for you! I received a free copy of this book in exchange for my honest review of this product.

Bought this coloring book for my mom and mother-in-law who live at an assisted living home. They are having fun bringing these flowers to life with color! The illustrations are gorgeous and it's a great activity for them to do and take a break from TV.

Just started coloring in this book - it was hard to decide which page to color first! Beautiful designs, good mix of easy and difficult. Very fun coloring book - highly recommend!

I think I would have given this coloring book 5 stars but I am a beginner and I'm having difficulty determining colors etcetera as I am not the least bit artistic. I believe I will do better with one of the coloring books that tells you what color to use.
