Customer Reviews

• Fashion Forward • is the first coloring I have purchased which features the artwork of Minjee Kang. Her style is fun and flirty with clothing designs that have a bit of a retro vibe. Her models can be anything from big-eyed girls with pouting lips to that of the bored looking young women we associate with modeling. In addition to the model-style women in clothing against a white background, there are scenes of stylishly dressed women in scenes with more realistic backgrounds (for instance, Paris). There are also collage studies of various fashion accessories such as handbags, perfumes, makeup and shoes. I find the book to be a fun look at fashion. I especially like the scenes of the young women on the go. There is one of a young mother pushing her stylish baby stroller that is especially cute. I will provide more detail on the coloring book below, but here is a

quick overview of what I found: 28 Fashion Designs with a light retro vibe Printed on one side of thin white non-perforated paper Some of the designs merge into the binding Binding is glued All markers, India ink pens, and gel pens either bleed through the paper or leave distinct color shadows on back of page Coloring pencils work well with the paper The designs are printed on one side of thin, white, non-perforated paper. It is thin enough that you can see the design on the next page through the page you are working on. I try to be pragmatic about this type of paper when I get to see a new artists work. If it were done on better grade paper that was perforated, it would be a huge improvement. If I could, I would rate this coloring book 4.5 because of the paper but as I can't, I always round up, thus a 5 star rating.
