I had purchased this author's digital art on Etsy, so I figured there was a good chance I would like this book. There is a good variety in this book. Simple to complex, and cute to scary--a little something for everyone. Some of the pages are easy enough for a child, and some more intricate or scary, and suited to an older child or adult. Only a few are really creepy. (I uploaded photos to try to show the diversity). The pages are:-Single sided (no printing on the back) which is good since some markers bleed through.-Bright white, smooth paper-31 designs-Most designs are large scale enough to be suitable for crayons, colored pencils, even pastels-Only a handful of the designs are intricate enough to require fine tip markers

I love this, I wish they would come out with more gothic or scary coloring books....

I LOVE this coloring book! The Illustrator has a beautiful artwork style. Heck you don't even have to color them, you can hang them on your wall as black and white pictures. This is the best halloween/gothic coloring book I've seen. The art is fantastic, and creepy. It captures all of my favorite things about the gothic life style. There is a good range of art, But at the same time The images are similar in style. *Single sided* 60lb paper

I have fallen into the "craze" of adult coloring. When I first heard of it being used as a stress reliever- i did not buy it for one minute. Then I tried and it actually worked. But im not into the regular books that are out there with the flowers and the mandalas. So when I saw this i had to buy it and the pages are awesome!

Great beginner book, not too much detail. Bought it specifically for Halloween this year. My goal is to do the entire book and hang all the finished works around the house. Maybe border them in dead moss! LOL

Awesome Images, from a very talented Artis, love this inside and out.

This is everything I wanted and more and it arrived before the Holidays too! THANK YOU! I am tickled! You are amazing! I am tickled! Thank you! I am completely pleased with the quality and service and speed!

I love this to pieces. I love everything gore, halloween, morbid, macabre. Anything to do with bats, pumpkins, black cats and witches I adore. This is fantastic. I'm not into all of those other adult coloring books they're just boring. But into like this because I get to use all my favorite halloween colors! Do recommend!
