Synopsis

How to use the Holiday Coloring Book ... More than 60 beautiful and ornate 'holiday themed' coloring book pages for hours and hours of relaxing calm and peace. And isn't that what coloring is really about. Turn on some music, sit back, and let your creative juices flow while you turn a page of black and white into the embodiment of your mind's ultimate color scheme! This is a coloring book devoted to each and every one of us. We can all use some relaxation and peace, so this is how we can do it in a fun way! Renew your love of coloring and the wonderful Holiday images and designs we have compiled. Some of them are simple, while others are caught somewhere in our darkest dreams and fantasies. This is a study of the Christmas, Halloween, Easter and even some Valentine's Day fun that will leave you with many hours of peaceful coloring and serenity. We decided to take you into the forest, deep within the flora for this adventure that will leave you with many hours of peaceful coloring and serenity. This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they're anything but. We also added some really cool coloring pages that are just for you to zone out after reading our madness. We think you'll love the designs and create some incredible pieces of art! Our idea with this project was to both inspire you, and increase neuronal activity and stimulation in a way that activates very unique parts of your mind. There are fields of research suggesting that both children and adults who work with coloring books and designs can effectively raise their IQ. So have fun, relax, let the markers and pens do what they will, and hang on for an incredible, mind altering ride! We hope to give the designer (you) a very introspective and mind expanding experience. To help you bring your full art and color to life, we've left the outlines slightly gray instead of harsh black. Your ideas and the beauty you create are more important than the original designs. This is for you!

MARKER NOTE: If you feel like using markers, we suggest Staedtler Triplus Fineline marker pens. They're easy to use and are very good when it comes to bleeding issues. We've chosen a paper that we feel offers the best compromise between durability and brightness so that your ideas come to life without being encumbered by the paper. • Also, place a piece of white paper underneath your current pages to soak up any extra ink! Depending on the markers you choose, there may be a little bleed through. The piece of extra paper will also assist you in leaving just the right amount of color on the current page you're working on. • PLEASE SHARE your work with us. Simply go to [and](#) leave a review and it will allow you to post your own pictures! We want to see what you've got. And each week we will choose one of the images as our best in class and you'll receive one of our new coloring books absolutely FREE! Just color, Post, and win!

I was wanting a different kind of book and this one of the different holidays is. There are all kinds of cheerful drawings to color and with various amounts of detail. Even one of a man with a bit of a big wild beard. Those new colors in pencil crayons work well here too.

This is the only adult coloring book I have been able to find that is all about the holiday's. I'm the type of person who like to change things up for every holiday. I have thoroughly enjoyed coloring pages for each holiday and being able to laugh and relax while doing so. The words across the pages are creative and funny and the designs are spectacular and unique for the holiday. I hope to see other authors follow in the foot steps and make books like these. I bet it becomes a best seller someday!

Nice book but it does have a few pages that are duplicated. The designs are on one page.
