Customer Reviews

The price is great on this book but don't expect anything more than the title says. There are 61 black and white pictures of picasso lithographs with VERY LITTLE information on each piece. I thought that this book was going to concentrate on one specific run of lithographs but it is just a hodge podge or pics.

The cover explains whats in the whole book. Picasso was so versatile I can't think of any form of art work he didn't master.
