Customer Reviews

I am so thrilled with this coloring book for adults. It is mainly pictures of day of the dead designs such as skulls with intricate designs patterns and flowers. I truly believe an adult coloring as a stress reliever her. And this is the first coloring book that I have seen with this theme as I look up what has been frequently bought together I see that there are others however I feel like this one is a little bit more feminine. So that appeals to me more. It is truly a great way to relieve stress in their life I use it as sort of a meditation process. When I am coloring I am not thinking of other things I am only thinking of what color I'm going to use next and paying attention to where the colored pencil or marker is going on the page. It is true mindfulness and when you are in true mindfulness know stress can enter your mind. And I always find that I remain very calm for quite a while after hollering for about 20 minutes to an hour. These pages are not perforated however you can use crayons gel pens markers pencils. Especially like the product description "he who lives with hope ties happy" The day of the dad has been celebrated in Mexico and Latin countries is a beautiful ritual full of love and remembrance and for me a lot of my stress does come from people I've lost in my life so this is just the perfect adult coloring book. I hope the author comes out with more designs that are similar because I really like the feminine feel.â• â†â®à®• I did get a discount for my honest review of this Sugar Skull Coloring Book: Dia de Los Muertos & Day of the Dead Sugar Skull Adult Coloring Book of Designs & Patterns & Flowers & Animals for Stress ...
