Another excellent addition to Cheri Shull's line of sexy adult coloring books! This book should be sold as a sexual therapy aide at the pharmacy, right next to the lube! LOL It's full of words and phrases that will get your vibes flowing! You and your partner should color this together and see where it takes you... *wink wink* *nudge* There's even a page with a color-able door handle sign so you can have some privacy! The pages are single-sided, which is always awesome! But, still use a blotter sheet between pages if coloring with markers. This book is definitely NSFW and not appropriate for children. This is an ADULT coloring book! Have fun, you naughty colorist, you! ;)

Oh this is soo sexy love the sayings in this book. If you are a housewife with a dirty side, this is definitely for you!!! Such a sexy fun book to play & color. I can't wait to dive into this :) **Warning if

you are easily offended by sex or swearing this is NOT for you!!! ***

While I haven't yet gotten this in my possession, I can attest to the quality of the artwork from the samples that I have seen. As an adult, I have re-fallen in love with coloring. As an adult who still has *ahem* needs, as well as a sense of humor, this book is a must-have for me.*****please keep away from impressionable entities, such as children, teens, vanillas, your dog, (cats arent impressionable), Pok  mon characters, and ghosts. *****

I don't know where to begin with this book. I'm in love! The pages have the perfect amount of sexy and sassy sprinkled throughout. My husband is in the military and is gone for long periods of time and has a long workday as well. So, these are perfect for when I want to slip him a little something sexy without going overboard. The designs have just the right amount of complexity to hold my attention and to get me to actually finish coloring the pages. If you have a sexy side, I would recommend this book! You won't be disappointed and neither will your significant other!

Its okay. Some of the sayings are cute. One or two I love. I guess I was hoping for more kink. But for a vanilla housewife its a good book. Her Karleigh Sue books are much better. But again not totally bad for \$3.99.

Omg this book is so amazing! Cheri has a naughty, sassy, and sarcastic personality just like me! I love her work so much! I for sure will be coloring these pictures and will be leaving lay right out in the open! Lol! Awesome book as usual Cheri! Keep them cumming! I love the fact that I know these are all hand drawn and from her mind she does not use stock images like i have been seen alot of ppl doing lately...her books are 100% real!

This is another great adult coloring book. Cheri Shull has the best style and all her coloring books are worth the money. Then images are so sassy and cute and so much fun to color. I have 2 of her coloring books now and plan on buying every single one she comes out with!!

I love this coloring book! Yes, as the title suggests-this is for adults! Cheri Shull has skills, and she is not afraid to use them! These delightful little pictures are perfect for just about any naughty little mood you might be in. Want a little privacy?! You'll love her door privacy sign in the back of the book! Want a little spanking? Just color it on up and let your significant other know! I highly

recommend this book-I cannot even look through it without having what is probably the most devious-looking grin in my repertoire shining through! So much fun-don't miss out on it!
