Fantastic Ornament: 110 Designs And Motifs (Dover Pictorial Archive)

Synopsis

Swirling with gargoyles, devils, dragons, griffins, and other images that haunt both dreams and nightmares, this otherworldly assortment features more than 100 decorations from a rare nineteenth-century volume. Decorations include: Cartouches in the style of Louis XIII; stone balustrades; arabesques; roof cornices; Renaissance-era drawing-room cabinets; Elizabethan chimney pieces; plus friezes for textiles and wallpaper, decorative scutcheons, mirror frames, and much more. These versatile royalty-free illustrations are equally suitable for immediate use, adaptation, and inspiration.

Customer Reviews

REVIEW FOLLOWS A FEW REMARKS ABOUT TRANSFER OF IMAGES - I just got this book as a present and am astonished how well it meshes with all my other dover books - this was one I was going to get - and it was a present from a fellow engraver. BUT it's not just for artists, it's also a wonderful coffee table book if put out with a few others (see my review of Florid Victorian Ornament Florid Victorian Ornament (Dover Pictorial Archives) to learn why) - it's a long review, but you'll understand why it's a VERY cheap way to 'dress' up your living room, and keep guests occupied while you are out of the room. Perhaps 'occupied' is an understatement -- when they begin to see color in black and white drawings, they will be astounded by the art form -- whether graphic, or as is my case, engraved. And the longer you look at the line drawings, the more you will see, and soon you, like me, will find yourself looking at a single page for 10 minutes and wonder where the time

went! Forget curved lines, though they are amazing, what you can do with simple straight lines is beyond your imagination right now, then add in the curves and it's a new world you are peeking into!!! FIVE STARS WITHOUT QUESTION!!! Light, dark, shadings, hue and saturation of color -- all in black and white line drawings -- it's amazing! TEN STARS!=====most reviews have said that the lines are far too complicated to transfer.
